### Pharmacist in Charge Position. North East Victorian Location.

A pharmacist in charge position has become available for a pharmacy that is part of an independent group of pharmacies, located in a rural city in North East Victoria. The position is full time, and has to work in with other pharmacists, to cover the opening hours of the business, which trades 5.5 days per week.

Some management skills and experience would be an asset, as would any accreditation for HMR, immunisation and any other relevant post-graduation pharmacist qualifications. The pharmacy is located in the centre of a busy rural city, and provides the usual PBS services, aged care and nursing home and packing services, and an independent shop front offering.

The successful applicant will become part of an energetic and highly qualified group of pharmacists employed across all the pharmacies, and would report directly to the Group Manager (a pharmacist) and ultimately the proprietor. A customer focus is paramount to this position, and remuneration will reflect qualifications, experience and skill sets, in line with the Pharmacy Industry Award.

A flexible approach to rostering will be expected, and there will be opportunities involving overtime and work in other sites, as may be required. A strong desire to get the job done, and with a focus on team work in collaborative endeavours will also be required.
