Application close COB Monday 13th September 2021

We're seeking a Maintenance Manager

Alpine Region, we have a new opportunity for an experienced Maintenance Manager and People Leader for our Hydro Generation Assets.

As part of our Gas & Renewables senior leadership team, this role reports directly to the Head of Hydro and will be accountable for the effective management of internal maintenance resource teams and external routine maintenance contract resources.

Success in this role will come from your drive and leadership strength, underpinned by a sound technical background with a focus on heavy industrial maintenance principles and the works management process in regard to asset management and protection strategies.

We are looking for talented people who have a:

- Relevant qualifications in engineering, management or relevant trade or maintenance experience in a heavy industrial environment
- Demonstrated leadership strength in a large-scale generation or heavy industrial plant including safe operations, maintenance, and asset management
- A strong alignment with the works management process, maintenance principles and the financial management of large engineering and industrial works
- Experience in providing strategic leadership, coupled with a strong business acumen and a commitment to protecting the safety of our people and the environment

If this sounds like you, we'd love to see your application by Midnight, Sunday 19th September 2021

At AGL, we're committed to diversity and inclusion, so we encourage applications from Indigenous Australians, people with disability, people from diverse cultural and linguistic backgrounds and lesbian, gay, bisexual, transgender and intersex (LGBTQ+) people.

Applications are to be submitted online at agl.com.au/careers (job number R-0009317)

If you have any queries, please email Shane Ambrosini, sambrosini@agl.com.au.
