ARTC

Stakeholder Engagement and Communications Lead

The Role

ARTC has an opportunity for a Stakeholder Engagement and Communications professional to lead the development and implementation of best practice community and stakeholder engagement plans for Australia's largest freight rail infrastructure project – Inland Rail. The role is responsible for providing advice on approval processes, emerging issues and driving engagement with communities and other stakeholders to identify solutions.

About You

If you thrive in a fast-paced environment, are a creative thinker with strong analytical and decision-making skills and are passionate about community engagement and communications in regional Victoria, we'd love to hear from you. While this role is based in Seymour or Wangaratta, regional residents are encouraged to apply as part of ARTC's commitment to flexible workplaces.

How to apply
